👤 Profile

Full-stack developer with a passion for learning and making an impact. Equipped with a diverse skill set and experience across the technology stack. Excited to contribute and drive positive change.

📁 Employment History

Software Developer at Baufest August 2022 - July 2023

Tech Stack: Java, Spring Boot, React, Angular, Python, JavaScript, TypeScript and C#

- I spearheaded the development of full-stack applications using Java, Angular, and React, providing employees with an intuitive and high-performance interface. These applications streamlined project invoicing, enabling efficient estimation, generation of invoices, employee management, cost tracking, hours management, and billing validations, among other functionalities.
- Significantly reduced manual task time for the internal team by automating the integration of processes between the Jira API and the database using Python. I achieved remarkable time savings, enabling employees to allocate more effort to critical tasks and strategic initiatives.
- Enhanced legacy C# code by adding new features and optimizing integration between SAP and the database, resulting in a cleaner codebase and essential functionalities tailored to the company's needs.

🎓 Education

High School of Computer Science, Polo Tecnológico, Uruguay

Specializing in programming, database management, and operating systems. I gained expertise in various programming languages such as Java, JavaScript, and Python. I also developed a strong foundation in logical thinking and problem-solving. Additionally, my coursework involved practical application and projects that allowed me to apply my programming skills to real-world scenarios.

Courses

- School of programming and software development, Platzi
- PEI (intensive training program) React-Java, Baufest
- PEI (intensive training program) React Native, Baufest
- Microsoft Learn Student Ambassadors BETA, Microsoft

💡 Technical Skills

- React.js
- Java
- Spring Boot
- JavaScript
- TypeScript
- Python
- Git
- Angular

🧠 Soft Skills

- Problem-Solving & Adaptability
- Time Management
- Team Collaboration
- Self-Directed
- Communication
- Creativity

Languages

Spanish - Native

English - Intermediate
